The Women's Library was created in 1992 by a group of women passionate about providing literary resources and a safe space for women. The Library and meeting space has a collection of over 25,000 books and pamphlets: everything from popular fiction by women through to specialist non-fiction covering issues from health, sexuality and popular culture to politics, history and human rights. There is an archive of feminist periodicals and texts. Book loans are for two weeks and members can borrow up to six books at a time. Videos and DVDs can be borrowed for one week. Renewals can be made by phone. Long distance borrowing is also available.
